## Accounting

### Associate of Applied Business

Students in accounting develop a high degree of technical skills in accounting systems and business organization. The accounting programs provide business-related experience on modern equipment. Courses utilize personal computers and electronic printing calculators. The accounting degree program is designed to help students attain technical accounting skills and a broad knowledge of business fundamentals. Accounting systems are studied as they are applied every day in business and industrial organizations.

Graduates are qualified as senior clerks or junior accountants, positions as a cost accountant, accounting supervisor, payroll supervisor, or office manager. The Associate of Applied Business Degree in Accounting is offered on a weekend college basis along with the typical schedule of daytime or evening classes.

## Career Outlook

As the economy grows, the number of businesses will increase as well as the need for accountants. The accounting profession generally has a low rate of turnover; therefore, openings will be primarily created through retirements and promotions.

## Education Pays

Average Annual Earnings  
Based on Education

2011-2012

Based on data from the Bureau of Labor Statistics
