Entrepreneurship

Associate of Applied Business in Business Management

Graduates of this program acquire skills to create innovative ventures, recognize opportunities, evaluate alternative courses of action and formulate a plan to successfully achieve organizational objectives. Entrepreneurial skills can be utilized within existing organizations and government agencies to effect changes necessary to the success and survival of the organization.

Students are prepared with assessment skills in financial and legal analysis. The creation of the business plan forms the foundation for the entrepreneur and is a major focus of the entrepreneurship program.

Career Outlook

Employment both nationally and in the state of Ohio, is expected to grow as fast as the average. From 2002 to 2012 the top areas of job creation will be management and consulting (42.9 percent growth rate), computer systems and related services (41.3 percent growth rate), and home health care services (39.6 percent growth rate), indicating areas of opportunities for individuals with a drive, vision and skills to provide new and creative services.
